

February 11- 15 2021 Guild Retreat

I know currently we are trying to live in our new normal. Hopefully, by next fall we will be back to our old life. I will have to make a 50% deposit in June or July for the 2021 retreat. The final payment is due by December 1st. I have suggested some classes on the reservation form, but I realize that it is difficult at this time to make final choices for classes. We can hold off on class choices till October. I have ordered Diane's two books which are great. Please visit Diane Knotts website/programs to see the classes she offers.

Please log on to the website www.SWFQG.com I have posted links to Diane Knott our professional quilt teacher. I have also posted a link to DaySprings Retreat Center which is the location of our retreat. The requirements, price and application are also available. Hopefully, all the information you would need is available to help you make your decision to attend the retreat. If you have never been to one of our retreats or have been before but have questions, please feel free to call or email me. I would love to answer any questions you might have.
