

Quilt Sleeve Instructions

- Measure the width of the quilt. Cut a strip of fabric the width of the quilt less 2 inches and approximately 8 1/2 inches wide.
- Turn under 1/4" on the short ends and sew.
- With the WRONG sides together, sew the strip into a long tube.
- Press the sleeve flat with the seam running down the center of the sleeve.
- Position the sleeve about 1/2" from the top edge of the quilt with the seam facing the quilt.
- Whipstitch the top, bottom and one layer of the side edges of the sleeve to the back of the quilt.
